

TRUCOLOSTRUM®

nature's first meal

Created by **NATURE**
Backed by **SCIENCE**

TruColostrum® is complete colostrum in its original form as nature intended. All IgG is naturally occurring **ONLY** from colostrum. It is the only colostrum on the market that has been tested for **ACTIVE** antibodies and is never subjected to extractions, conversions, hydrogenations, homogenization, or fractionation. TruColostrum® is always minimally processed with Advanced Biopotent Technology™.

BENEFITS OF TRUCOLOSTRUM®

Immune Factors

Foster Healthy Gut

Support Early Life

Support Recovery

Skin Regeneration

**TESTED
FOR ACTIVE
ANTI-BODIES**

WHAT SETS US APART

TruColostrum® is responsibly sourced from USDA Grade A dairy farms under ethical conditions, making sure calves are fed before collection. It is minimally processed using proprietary biopotent technology at a low temperature to maintain colostrum's original, nutrient-rich form.

ONE 1 Superfood Ingredient.

200+ Bioactive Nutrients.

5,000+ Research Studies.
